

# LED Light Box with Back Lighting and Snap Frame

LED Light Box with Back Lighting and Snap Frame, rear lit, provides a beautifully balanced back lit surface for your posters and art work. At Frame Displays, we have designed and created this engaging, impactful LED light box, that promotes your products, generate sales, and enhance your brand. With virtually no image limitations and with the ability to customize the look of your illuminated artwork to your exact needs, colors, and specifications, our optional printed Durafilm will fit directly in to the frame by simply snapping it open and close . And, with the option of easy to change graphics to keep up with in-store promotions and seasonality, our illuminated lightbox can be updated easily and effectively within seconds.

- White Power-coated Aluminum Framing
- Color Temperature : 4500K
- Includes one x 12V /3A Transformer
