

# RESTONLED powered Wall presentation for Optical Glasses

RESTONLED PANEL LIGHTING newly defines the displaying of sun glasses in an optical shop. The rear panel is made of satined acrylic glass (dualsatin) and illuminated evenly through LED. Since there is also a cover panel put in front, the illumination is only positioned there, where it is wanted: behind the sun glasses.

	PRODUCT ITEM NUMBER	DESCRIPTION	DIMENSIONS
<b>01</b>	W5-14TC-SHINE	W 5/14 TC SHINE Acrylic Optical & Sunglass Display Panel with LED Lighting	19.68"(W) x 55.11"(H) 500mm(W) x 1400mm(H)
